

**12 VDC EU-HD units
100 to 260 Watts**

INDUSTRIAL SERIES

APPLICATION:
Industrial Series are traditional high capacity units with the capability for remote and/or integral high wattage lamp heads.

GENERAL DESCRIPTION:
The Industrial Series provides high quality 20 Gauge steel construction. AC indicator and Bi-Color high charge LED indicates when the batteries reach full capacity. Voltmeter is also standard.

HOUSING:
Powder Coated Paint finish offers superb corrosion resistance. Standard finish in white.

MOUNTING:
Easy and quick installation facilitated with universal mounting plate and key hole slots.

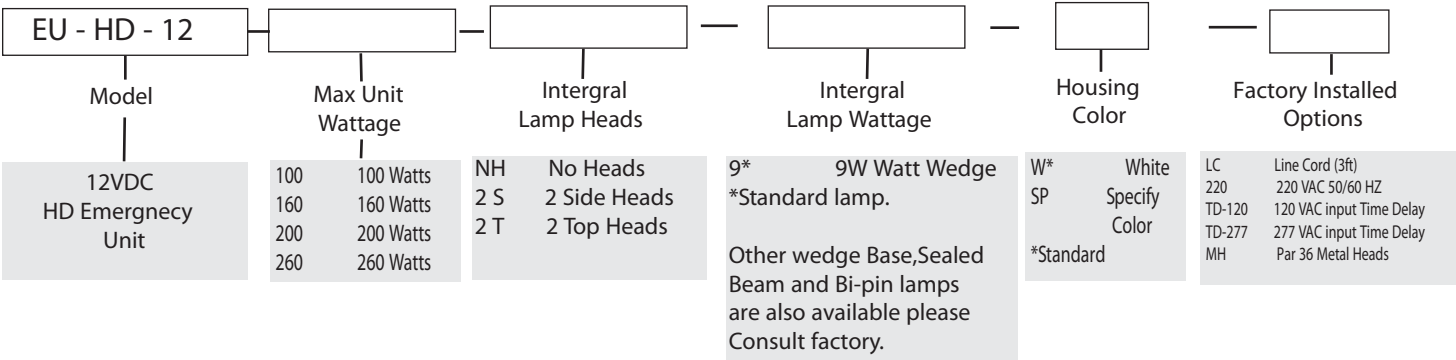

ILLUMINATION:
Optional integral (PAR 36) or remote lamps heads are available. Standard 12V 9 Watt wedge base lamp. Refer to accessories section for remote lamps head types available.

ELECTRONICS:
Input is dual voltage standard 120/277 60Hz. Features solid state design with low voltage disconnect, AC lockout, brown out protection, and AC indicator LED with test switch. Bi-Color Charge LED changes from Red (high charge) to Green (Float) to indicate full charge. Provides a minimum of 90 minutes of illumination upon loss of power. Battery is maintenance free Sealed Lead Calcium.

CODE COMPLIANCE:
Tested and Listed to UL 924, meets or exceeds NFPA, NEC, and OSHA illumination standard. NYC Approved.

WARRANTY:
5 years on housing and electronics with a 5 year pro-rated warranty on battery.
